

## \$2,500 HOLDUP!

In early June KRAB had a fund raising marathon. It was not the most successful of marathons, nor was it the least successful. A little over \$4,500 was pledged by listeners toward paying KRAB's operating expenses. This represents 68% of KRAB's monthly operating budget. With debt retirement, the paying of outstanding accounts payable, as a major priority you can clearly see how difficult it is going to be to stretch that \$4,500 very far. As of this writing, about \$2,000 of the pledges have been redeemed, or paid. What's holding up the rest of you? (This guide is going to everyone who pledged, as well as to paid-up subscribers) Attached is another business reply envelope to make it easy for those of you that pledged to fulfill it. Postage is prepaid, but if you put a stamp on it, it will save KRAB 15¢. And if any of you loyal subscribing contributors could spare a few dollars, summer is the time of KRAB's greatest need. Hint.

## TALENTS LIE?

Because we've never had all the cash we've needed at any single instant, to make the required alterations and improvements in Fire-station 25 that would turn it into a radio station, remodeling and construction just seems to go on and on, as supplies are donated and the labor is available. Well, the point of this note is that we would like to get some of this construction done this month, and we're asking if you have some supplies that we might use, how about donating them. What we need: More plaster filler, lots of paint, 8 foot 2x4's, several sheets of "hard board", several sheets of 3/4" plywood, etc. If you think that you might have something that we can use, call us up and ask. Since we haven't a truck, it'll be up to you to figure out how to get the stuff here.

Also, volunteers are needed to do many different things: From addressing renewal notices, to engineering, announcing and program production. Where do your talents lie?

## KRAB is

a noncommercial educational radio station licensed to the Jack Straw Memorial Foundation, a non-profit corporation. The station broadcasts at an effective radiated power of 45,000 watts, on a frequency of 107.7 MHz, FM. Offices and studios are located at 1406 Harvard, Seattle, Wa 98122.

Listeners who contribute \$25 or more each year become subscribers, and are entitled to receive the monthly program guide, of which this is one. Checks should be made out to KRAB, and all donations are tax-deductible.

Early in the formation of KRAB it was argued that for a radio station to be truly responsive to the needs of that part of "the community" not favored with access to, or programming produced by, commercial media, that station must, among other things, be operated by a small, dedicated, low paid staff whose goal is to encourage and support the activities of volunteers in producing the actual programming. This continues to be the way of KRAB. There are many things for volunteers to do at KRAB, ranging from the vital support activities of addressing, envelope stuffing and clean-up, to the also vital areas of programming: recording, board operation, and production. If you are interested, please call or come by the station.

And, KRAB exists as a forum for arts and ideas, both entertaining and educational, normally not heard on the radio. Anyone with opinions in disagreement with those expressed on any program broadcast on KRAB is invited to contact the station for time to express their views.

Oh yes, our phone number is 325-5110.

12:00 THE SOCIALLY RESPONSIBLE SCIENTIST AND PUBLIC POLICY: GENETIC INTERVENTION AND HUMAN EXPERIMENTATION This public symposium, held recently at the University of Chicago, examines the impact of research and new technology on society by those scientists engaged in genetic intervention and human experimentation and their accountability and responsibility to society. Participants: Dewitt Stetten, Albert Dorfman, Franklin Zimring, Stephen Toulmin and James Gustafson.

1:00 TEATIME

Five English musicians make all manner of noise here, pieces heard include "Irritating Tapping" and "European Improvised Music Sho' "Nuff Turns Me On". While not denying that this music was probably more fun to play than it is to hear, the record is nowhere near as annoying as this description would make it seem.

1:45 THE ENERGY EFFICIENT MODEL FARM

The Energy Efficient Model Farm is a project of the Environmental Education Office of the Washington State Office of Public Instruction. The Farm's organizers, interviewed here, hope to help people develop a sensitivity to the costs in energy of the food they eat. Participating are Christina Peterson, Bill Stocklin and Tony Angell.

# 4:30 MURDER IN THE CATHEDRAL

T.S. Eliot's first play (1935), performed by The Old Vic Company, with Robert Donat as Thomas Becket.

# 5:15 IL PRIGIOIERO

Listener familiar with Italian opera may not recognize the formal aspects of Dallapiccola's work but at least the language is the same. Written in the 1940's, set during the Spanish Inquisition, the opera has an almost existential quality to it. Anyway it isn't as light and romantic as traditional Italian opera, but it is shorter than much of the works in that genre, so everything pretty much balances out.

# 7:00 WE: WOMEN EVERYWHERE

Local, National and international feminist news and commentary. Produced by the Lesbian Media Committee.

# 8:00 SANTUR, TUNBUK AND TAR

Music of Iran. The recordings of drum rhythms on this record are meant to inspire gymnasts in their exercises.
